

Campaign to Get 5,000 British Recruits to New England.

BOSTON, March 28.—A campaign to obtain 5,000 men in New England during the next two weeks to help fill the ranks of Canadian regiments was started by the British and Canadian recruiting mission today.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They live the liver and bowels and straighten you right up.

Don't be bilious, constipated, sick, with breath bad and stomach sour.

To-night sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colic. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day. Mothers should give cross, sick, bilious, feverish children a whole Cascaret any time as they cannot injure the thirty feet of tender bowels.—Advt.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best. The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation, which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.—Advt.

AXE MAY SWING, IS Hylan WARNING TO BUREAU HEADS

Mayor Writes Sizzling Letter to Commissioners Hinting at Removals.

A shakeup in Mayor Hylan's cabinet is believed to be imminent. This belief is predicated on a sizzling letter which the Mayor sent to all of his department heads with the exception of Police Commissioner Knight.

The Mayor served warning on these commissioners that unless his suggestions are given immediate consideration some of them may meet the fate of Frederick H. Hughes, whom the Mayor removed from the Police Commissioner's office after twenty-three days in office. Recipients of the Mayor's ultimatum regard it as the forerunner of impending important changes. Most of them are quaking in their official boots today because of the uncertainty as to when and whom the Mayor's axe will strike.

Several Commissioners privately expressed great indignation over the Mayor's letter, characterizing it as "insulting." They consider it a pretext upon which to base removals. The Mayor's personal friends in his cabinet don't seem to have any fear. This complacency does not extend to the more prominent of the Tammany appointees.

The Mayor's letter follows:

Dear Sir,—I would suggest that you begin now to supervise and arrange for a large reduction in the cost of maintaining and running your department so that when your budget requests come in they will show a material decrease. Waste, carelessness and extravagance should be eliminated without delay, and economy should be the keynote. You can ask the heads of the different bureaus in your department to point out what can be done and how money can be saved. If they are not galled along this line and have an eye only to the exploitation of Father Knickerbocker, then possibly some other person in that bureau might be able to make some suggestions which would help along the line of economy and better service to the people; and if this is the case, I would advise that such person, if possible, be put in charge of that bureau. I hope you will end once and for all the pernicious practice of certain people in the department making suggestions how to increase salaries and procure additional help. Let these patriots turn about and see what they can do to render better service to the people for less money. When there are any suggestions for more help, if the heads of the departments would make a personal investigation they would no doubt find that this particular work could be accomplished by some other person who is sitting around doing nothing but drawing his salary.

"If there is any one in your department who thinks he has a pull and who is only reporting and drawing his money, I want his name sent to me without delay. There are a few in every department doing the greater bulk of the work while a certain other element can find but little to do. I want the lazy employee

put to work and the hard worker shown every consideration.

"I have made several suggestions since the first of the year along these lines and have seen no definite results in any of the departments except in the Police Department. Unless my suggestions are given immediate attention I may be obliged to put some practical man in the department as its head, the same as I was obliged to do in the Police Department."

"I shall in the very near future ask for a report as to what progress has been made along the line of economy and better service to the people."

QUEBEC DRAFT RIOTERS TIE AND WHIP OFFICER

Clash Occurs When Exempted Man Is Taken in Round-Up of Deserters.

QUEBEC, March 28.—Arthur Evanston, a federal officer, was today recovering from injuries sustained at the hands of a crowd here last night when Dominion police undertook the roundup of deserters under the Military Service Act. Authorities say Evanston was tied to a post and whipped into unconsciousness.

Reports today were that the trouble started when an exempted military service man was arrested. He later was released.

Leon Belanger, one of Evanston's fellow officers, is in a hospital suffering from a fractured skull sustained during the outbreak which was quelled with the assistance of the city police.

Grandmother Takes Fatal Fall.

Mrs. Catherine Burke, sixty-seven years old, living with her grandchildren, Mary and John, on the third floor of the five-story tenement at No. 40 East 8th Street, at noon today either fell or jumped from the roof of the building and is in Bellevue Hospital with a fractured skull and suffering from internal injuries. Little hope is given for her recovery.

BORROWS A FAMILY TO ESCAPE TERM IN JAIL FOR SPEEDING

Chauffeur Wins Judge's Leniency but Is Found Out Later and Gets Five Days.

When Patrick Clark, a chauffeur of No. 33 Mauger Street, Brooklyn, was arraigned before Magistrate House in the Traffic Court last Monday and pleaded guilty to a charge of speeding his machine along Fifth Avenue he asked for clemency on the ground that he was the father of five children ranging in age from two to nine years. Magistrate House, taking this statement into consideration, permitted Clark to go free on a suspended sentence.

The Magistrate, however, decided to keep the record clear by assigning a probation officer to inquire into the welfare of the Clark family. The investigation proved Clark's undoing. He was sent to the City Prison by Magistrate House today to serve a sentence of five days without the alternative of a fine.

When the probation officer reached the Clark household, he said, he found Clark and only two children present. The officers became suspicious, and after questioning Clark, he said, admitted the children were not his

own but had been borrowed from day to day in anticipation of a possible investigation.

Then, according to the officer, Mrs. Clark appeared upon the scene and informed her husband she had been unable to borrow the other three children necessary to make up the needed quota.

When Clark appeared before Magistrate House today he had nothing to say, so the Court imposed the jail sentence. The records show that this is his fourth offense for speeding.

\$9,240,000 FOR BARGE CANAL.

State Engineer Gives Estimate on Auburn Branch.

ALBANY, March 28.—In a report to the Legislature today State Engineer Williams estimates that the construction of the proposed branch of the barge canal from the Seneca River to Auburn would cost about \$9,240,000. It would require seven locks and a number of dams in its length of twelve miles. During navigation season it is estimated that 500,000 tons of freight would be moved over this spur.

CASTORIA For Infants and Children.

Bears the Signature of The Kind You Have Always Bought In Use For Over 30 Years.

DAVIS FOUND NOT GUILTY.

Brooklyn Jury Acquits Him of Regensburg Murder.

Leon Davis, indicted jointly with Paul Chapman, the sixteen-year-old choir boy, who is now in the death house at Sing Sing for the murder of Harry and Samuel Regensburg on Oct. 29, 1917, was found not guilty at 2:30 o'clock this morning by a jury in Justice Crosey's branch of the Brooklyn Supreme Court.

Davis, who is twenty-three years old, claimed that he was at home in bed when his brother, Hughes and Chapman attempted to burglarize the Regensburg store at No. 558 Park Place, Brooklyn. Indictments for burglary and assault on Mrs. Regensburg are still pending against Davis, and he was remanded to the Raymond Street Jail.

11 INJURED IN CAR CRASH.

Women's Screams Cause Excitement After Collision.

Eleven persons were slightly injured this morning in a rear-end collision of two street cars at Broadway and Havemey Street, Williamsburg. The front car, in charge of Motorman James Downes, stopped suddenly, and the one behind, in charge of Motorman Isador Horowitz, could not be stopped quickly enough to prevent the crash. The passengers were all shaken up and the screams of women caused excitement. Two ambulances were called, but nobody needed hospital treatment.

The injured included the two motormen and the following passengers: Samuel Rubin, No. 129 Chrystie Street; Ida his wife; Morris Ravanan, No. 323 East Eighth Street; Isador, his seven-year-

old son; Mrs. Ida Karney, No. 53 Willow Street, Williamsburg; Mrs. Jennie Johnston, same address, and three men who gave the names of Henry Powell, Richard Thomas and John Baer.

Simple Way to Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a box of Marmola Prescription Tablets from your druggist (or, if you prefer, send 15c to Marmola Co., 864 Woodward Ave., Detroit, Mich.) and follow directions. No dieting, no exercise. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is their harmlessness. That is your absolute safeguard.—Advt.
